

You are invited to join us on 2 May 2012 for an exclusive private screening of *JANE'S JOURNEY*, the Oscar shortlisted documentary of the life of Dr Jane Goodall, starring the eponymous Jane and featuring Angelina Jolie and Pierce Brosnan.

Jane's Journey depicts the remarkable and inspiring story of how in 1960 a 26 year-old secretary from Bournemouth came to make her home in the Tanzanian rainforest, achieving over time acceptance of her presence by the resident wild chimpanzee population. Jane shook the scientific establishment with her ground breaking discoveries on chimpanzee behaviour that redefined our understanding of what it means to be human.

In aid of Jane's charity, the Jane Goodall Institute, enjoy a rare opportunity to meet Jane at a pre screening drinks party **co hosted by BBC World Affairs editor John Simpson** at the May Fair Hotel, Stratton Street, London, W1J 8LT, commencing at 7pm, followed by the exclusive private viewing in the hotel's impressive screening room.

The Institute (www.janegoodall.org.uk) supports the study and conservation of wild chimpanzees by putting the needs of local people first with community-centred conservation and development programmes, and by promoting environmental awareness and education in young people through the "**Jane Goodall's Roots & Shoots**" programme.

This is an invitation only event. A recommended minimum donation of £150 to the Jane Goodall Institute UK will secure each place. If you would like to attend please RSVP to claire@janegoodall.org.uk
